Valuable Mill Property, Land, &c., IN MARKET.

F. Lock, dec'd., will sell, at public auction, in front of the Court-House door, in Charlestown, on Monday, 19th day of May, (Court-day,) the Valuable Mill Property,

belonging to the heirs of said deceased, situated in the suburbs of Charlestown. This Mill is on Eibert's Run, which is a never-failing stream, furnishing at all ordinary seasons an abundant supply of water for the Mill, and sufficient to spare for many useful manufacturing purposes. This Mill is situated in the very centre of one of the finest wheat growing counties in the State of Virginia, in sight of the Winchester and Poto-mac Railroad, and but five miles from the Baltimore and Ohio Railroad, or eight from the Chesapeake Canal. The mill is built of stone, three stories high, with a wing of extensive capacity, used at present for the storage of barrels, &c., but designed when erected for a Woolen or Cotton Factory. The Mill is now in complete repair, having three run of Burrs, and capable of chanufacturing five thousand barrels of flour per chinum, and machinery for grinding 200 tons of Illaster, which can be easily manufactured and It has in addition a run of country work, (which it has ample capacity to execute,) unsurpassed by any Mill in the Valley, the tolls of which, as well as the offal, can be disposed of to the citizens of the town, and the farmers in the immediate neighborhood, on the very best terms and for ready money, thereby giving to the miller a valuable consideration for that, which to mills less favorably situated, is unimportant. As regards the market for flour, the town consumes some 12 or 1500 barrels per annum, which can be sold at the Mill for the Baltimore price, thereby saving to the miller the transportation on the sime. Taking all things into consideration, this

on which there is DWELLING HOUSE, a good COOPER SHOP, and other necessary appurtenances. on which there is a comfortable

offer at public vendue. 30 Acres of choice Land, orated along the stream which is the source of vation, though naturally most fertile and produc-It will be sold either in whole or in parts,

Terms of Sale: The terms of sale on the above preperty, will be one third in hand, the readne in four equal annual payments, bearing interest from the day of sale. The interest on the deterred payments to be paid annually.

JOHN J. LOCK,

THOMAS LOCK, Executors of Wm. F. Lock, dec'd. March 18, 1851.-ts

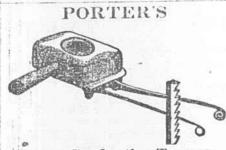

Valuable Land for Sale. A T the same time and place as above specified, 19th day of May, in front of the Court-House, Charlestown, we shall also offer about Thirteen Acres of Land,

liout one mile northeast of Charlestown, on the Shophe dstown road, six acres of which is cleared and the remainder in Timber. The terms on the above lots, will be one third cash and the remainder in three years, bearing interest.

110 ACRES OF LAND, AT PRIVATE SALE.

We also offer at private sale, 110 Acres of the ent, and as I desire to pay all may ist debis, before very first quality of Jefferson Land, lying adju-I leave the county, I carnestly beg my creditors cout to Charlestown. This Land is in a high state of cultivation, and has upon it a comfortable DWELLING HOUSE, a first quality Barn, Granary, Sheds, Stabling, &c. There are N. B. In connexion with the above Alvertisement, we notify the Trustee that we hold Executions against Patrick O'Coune I, which must be ter. In the yard of the House, there is a neverpaid on of the proceeds of said O'Connell's Pio- tailing well of water. The timber land, 20 acres, C. G*BRAGG. Constables to make it very desirable. Terms can be arranged from the state of the st

1st. The blast can be regulated effectually so s to suit any kind of work. 2d. The blast can be kept clear at all times ithout the use of a poker, or without breaking and shaking the fire, thus enabling the Smith to 3rd. By actual experiment it saves one third

the Puel, while the work can be done one-4th. The blast is removed eight or nine inches from the back, which is a great advantage to the Smith, doing crooked or difficult work. 5th. It is not liable to get out of order and will

last many years.

GEO. F. S. ZIMMERMAN. Charlestown, March 18, 1851.

The following, among other certificates will show that it has given complete satisfaction: U. S. Armory, Harpers-Ferry, Va. Mr. ROBERT D. PORTER-Dear Sir: The

Twyeres placed by you in two of the Forging Fires in this establishment about three years since, are still in constant use, and I have no doubt will last three or four years longer, as they appear to be but slightly impaired. I consider them superior to any I have ever seen in use; for economy, durability, and their peculiar edaptation to any kind of work. I find, by referring to the coal accounts kept against each fire, that your Twyeres save at least twenty-five per cent.; besides, the facilities afforded for keeping up a good fire aids materially to increase the

amount of work. Yours, respect'ly A. J. WRIGHT, Foreman of Forging Shop. I cheerfully endorse the facts set forth in the pove certificate.

J. H. BURTON, above certificate. Acting Master Armorer.

From the strong terms of approval in which the several firemen at this Aimory, who have tried it, speak of the Twyere, invented and palented by Mr. Robt. D. Porter, and also the recommendation of the Foreman of the forging deparements, and of the Master Armorer, I have adopted it for use at this Armory. JOHN SYMINGTON,

Major of Ordnance. Harpers-Ferry, March 5, 1851. This is to certify that I have had two of Mr. Robt. D. Porter's Patent Twyeres in constant use, in my Coach Smith Shop, for three years, and I am convinced they are a great saving of

coal and fire in taking a heat. During the three years, mine have been in use, here has been no occasion for repairs. I believe they will last for 20 years or more without re-pair. WELLS J. HAWKS, Coach Maker.
